All questions, concerns, comments, reports, and notifications should be submitted to ISACA Support using the "Chapter" tab.

Welcome!

Congratulations, and welcome to your role as chapter membership director!
The chapter membership director usually is seen by the membership and the community as a local representative of ISACA. You will assist the chapter board in activities and efforts to ensure professional and personal growth for the membership, as well as chapter sustainability. The chapter membership director reports to the chapter president.

Membership Resources

Many membership resources, including recruitment ideas, new member welcome samples, retention activities, and marketing ideas and assets to assist you in your efforts can be found in the Chapter Leader Portal.

Roles and Responsibilities of the Membership Director

The membership director is responsible for maintaining the member information database. They initiate contact to welcome new members and encourage members to renew. This person works to promote and increase member retention, using meeting attendance records, and helps coordinate communication with members of the chapter.

Major Responsibilities

- Maintain data privacy per chapter and ISACA policies, as well as local regulations (e.g., GDPR).
- Understand demographics of chapter members (where they live, professional roles/titles, etc.).
- Report on membership data at board and/or chapter meetings, as needed.
- Work with secretary, education and/or program committees/chairs to develop an annual survey to identify member needs.
- Contact members periodically to learn if ISACA and the chapter are meeting their expectations; report findings to the Chapter Experience team via ISACA Support.
- Send special invitations for meetings of significant/higher importance.
- Conduct and coordinate annual membership campaigns with rest of chapter board, with the goal of increasing chapter membership.
- Work with treasurer to prepare annual budget for membership campaign.
- Introduce ISACA to potential members from various sectors (e.g., public accounting firms, banks, government agencies, universities, private industry, media, etc.).
- Respond to correspondence regarding membership.
- Support joint meetings with local chapters of other professional organizations.
- Contact members who have not renewed to encourage them to renew and/or determine reasons for discontinuing their membership.
- Promote “retired membership” option to qualifying members as an alternative to not renewing and encourage them to volunteer as a mentor.
- Highlight the availability of ISACA Engage Communities as resources to support career/professional development, networking, and discovering ISACA resources.
- Work with marketing director to develop strategies for growth and retention.
- Identify ways the chapter can recognize members who have achieved the platinum, gold, silver, or bronze levels of membership. For example, you might offer a deeper chapter dues discount for a longstanding member.

Current Chapter Membership Lists

The membership director can download the chapter member roster at any time from the Reports page of the Chapter Leader Portal. If you require additional information on how to download/export the roster, please contact the Chapter Experience team via ISACA Support.

Recruitment

- Obtain names and contact information of nonmember meeting attendees.
- Reach out to these nonmember meeting attendees and encourage them to join ISACA.
- Provide membership information and marketing materials to prospective members.
- Encourage nonmembers sitting for an ISACA exam to join the association.
- Reach out to former members/people who have not renewed; point out benefits and chapter offerings.

- Reach out to nonmember certification holders. Send a request to the Chapter Experience team via ISACA Support. Indicate that you want a message sent on your behalf to nonmember certification holders in your chapter's territory. Include a draft of the message you would like to be sent.

Records

- As stated above, maintain data privacy, per chapter and ISACA policies, as well as local regulations (e.g., GDPR).
- Sanitize membership lists to address potential security and privacy issues.
- Advise members how to maintain their information on the ISACA website (i.e., their MyISACA profile).
- Work with chapter secretary to compare current records with previous periods to determine the percent increase/decrease in membership.
- Coordinate with chapter secretary and program/education chair(s) to track/monitor meeting attendance.

Succession Planning

Though it varies from chapter to chapter (according to the chapter bylaws), your term as a chapter officer will eventually come to an end. Just as you likely found it beneficial to "Learn from your Predecessor," it would be helpful to offer a one-on-one handover meeting to the individual coming into your role.

During this meeting, you can share your insights, experiences, tips, and updates on current initiatives. Offer support and guidance to help the incoming treasurer build on all the hard work and time you devoted to the chapter. For example, you could develop a transition procedure (e.g., checklist) to help ensure most key activities are covered, and ongoing support and attention is given to items that take longer than one term to accomplish.

Turnover Procedures

When turning over procedures/documents to a new chapter membership director, the following should be completed:

- Coordinate meeting with incoming chapter membership director.
- Ensure all files, records, and correspondence are provided in a timely manner. Turn over all software, inventory, etc.
- Assist the chapter president in planning a chapter recognition dinner. Ensure all volunteers and members who participated in chapter activities throughout the year are appropriately recognized.
